

August 7th came and went.

ERCOT said it would not tell service providers how any large load was classified by that date. It passed 12 days ago.

Four days of warning.

ERCOT gave the market 4 days of notice. The letter has now stood 16 days.

UPDATE REGARDING BATCH ZERO TIMELINES AND PROCESSES

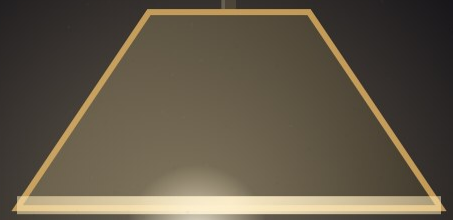

ERCOT market notice M-A080326-01 · c2

No provider was to be told by the 7th.

No service provider was to be told how any large load was classified by August 7th.

Three figures, two documents.

Each is quoted as its source states it. None may be multiplied by another.

approximately 474 gigawatts

of requests to connect to the Texas grid

the letter · c6

Approximately 90 percent

of the new power requests are data centers

the letter · c8

more than five times

Texas' record peak electricity demand for ERCOT

the press release · c9

One office. The same day. Two wordings.

THE PRESS RELEASE

The PUCT and ERCOT must complete this audit before any data center **project moves** forward.

Office of the Governor ·
c11

THE SIGNED LETTER

before any **additional** data centers **are approved to move** forward

Office of the Governor ·
c12

The marked words are where the letter narrows what the release says. The signed letter halts approvals. The release halts all forward movement. Both are on the record and they are not interchangeable.

The Governor's office said the sector's membership body will comply.

Said on August 18th. It is a statement about his own standards rather than a measured result.

GRID

WATER

NEIGHBORHOODS

PAY THEIR OWN WAY

I established clear guardrails to ensure data centers protect our electric grid, conserve our water, respect our neighborhoods, and pay their own way ...

Office of the Governor, August 18th · c18

THE AUGUST 18TH RELEASE SAYS

“One data center that could not comply chose to end operations before even beginning construction.”
