WHAT THE ROW DOES NOT SAY

The listing gives no subject.

The row carries the committee, the hour, the type and the room, and no agenda. The notice that would carry an agenda sits behind a path this record does not crawl. c1.c2

SAME HOUR, SAME ROOM

One course. One block never laid.

**Senate Committee on Economic Development.
Titled "Preparing the Texas Workforce for AI
(Artificial Intelligence)".**

**"Study the impact of AI on
the Texas workforce and its
implications for economic
competitiveness."**

The charge closes by asking the committee to "Make
recommendations to ensure the Texas labor market remains a
national leader in growth and opportunity."

Three institutions. Three different answers.

NORTHSIDE ISD

ChatGPT for Teachers for all staff in October. Student access would not follow yet.

FORT WORTH ISD

"in the early stages of exploring opportunities to leverage OpenAI's ChatGPT technology"

TEXAS TECH

Instructors may "permit, partially permit, or prohibit" generative AI.

Each plate is that institution's answer. Nothing ranks them. c8 c9 c12 c14

ON A STREET CORNER

A union member says it makes the assignments.

"Timpani is used for making patient assignments, staffing, and to the detriment of the nurses, sometimes they short-staff them."

says a National Nurses Union member • c16

Protesters gathered near Riverside Drive and South Congress Avenue in Austin. The report ties the tool to HCA Healthcare and names no hospital.
c17 c19

TWO FIGURES, TWO BOOKS

The AI servers had a record quarter.

DELL • AI SERVER BUSINESS

\$60.9 billion

booked in orders. A segment figure, not the company.
c23

DELL • THE COMPANY

\$47.0 billion

record revenue for the quarter. c24

One figure is orders booked in one segment. The other is revenue across the whole company. Exhibit 99.1 to Form 8-K.

WHAT A READER CAN DO

The room is booked again.
