

A billion dollars of bare ground

MODELED. THE RECORD
GIVES COST LINES AND NOT
A SITE PLAN

FIRST LINE OF THE COST TABLE
Building Cost \$0

TOTAL PROJECT COST, PHASE 1

\$1,000,000,000

The regents approved adding Phase 1 of the UT Dell Medical Center in Austin to the capital improvement program on August 12th, 2026.

AGENDA BOOK FOR THE ITEM. COMMUNITY
IMPACT FOR THE VOTE.

About 27 acres, and what stands on them

"a transformative new academic medical destination on an approximately 27-acre site in the center of the west (former) Pickle Research Campus"

BOARD ITEM, PROJECT DESCRIPTION

Everything standing on this ground today throws a shadow.

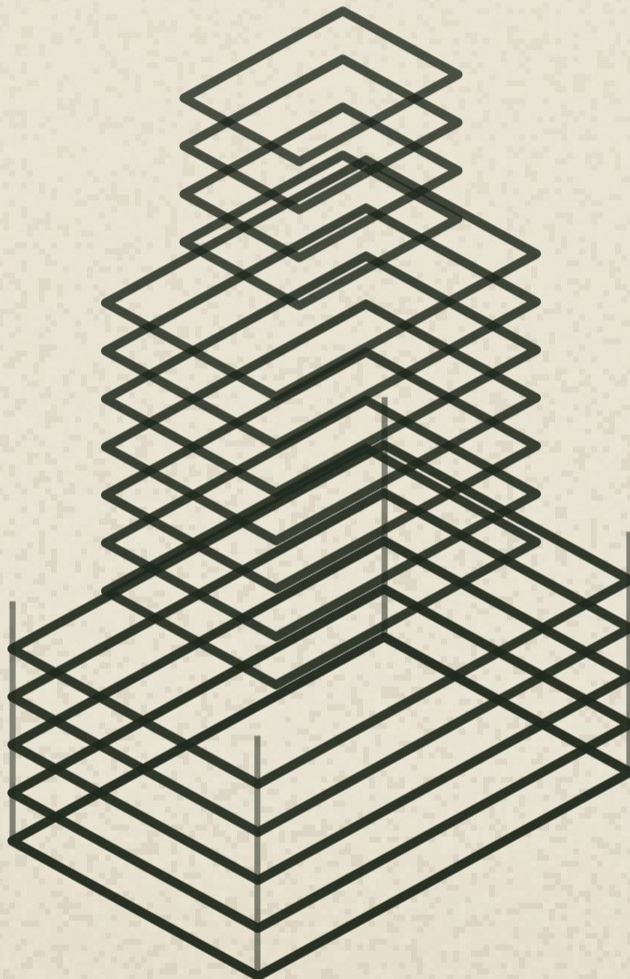

MODELED. THE RECORD GIVES THE ACREAGE AND NOT WHAT STANDS ON IT

AUSTIN, TEXAS

texasaidocket.com

2.5 million square feet, unbuilt

MODELED. THE RECORD GIVES THE FLOOR AREA AND NOT THE NUMBER OF FLOORS

"projected to be an approximately 2.5 million gross square feet (GSF) tertiary care medical center with inpatient, outpatient, and clinical support space"

PROJECT INFORMATION SHEET, "Facility Type Healthcare Facility, Hospital"

Nothing on this frame throws a shadow. The board item calls this phase early work and site preparation.

ONCOLOGY CARE, IN PARTNERSHIP WITH MD ANDERSON

BOARD ITEM, PROJECT DESCRIPTION

texasaidocket.com

The board approved a phase

PROPOSED TOTAL PROJECT COST, APPROVED BY THE CHANCELLOR

BOARD ITEM, PREVIOUS ACTIONS AND BACKGROUND

JANUARY 8TH, 2024
\$2,900,000,000

JUNE 19TH, 2025
\$5,000,000,000

The axis starts at zero and is not cut. The two figures above were approved by the Chancellor. The phase below is what came to the board.

PHASE 1, ADDED TO THE CAPITAL PROGRAM
AUGUST 12TH, 2026
\$1,000,000,000
RECOMMENDED FROM REVENUE FINANCING
SYSTEM BOND PROCEEDS

A phase authorization and a project total are different quantities.★
The board item states each of them separately.
texasaidocket.com

Who pays the billion back

THE BOARD'S OWN BACKGROUND

"The \$1,000,000,000 in RFS debt is expected to be repaid from clinical revenues."

WHAT THE ITEM ASKED FOR

"appropriate funds and authorize expenditure of \$1,000,000,000 from Revenue Financing System (RFS) Bond Proceeds"

Clinical revenue is what a hospital earns from treating patients. The building is not open and the debt is.

Twenty pages, no mention of AI

THE COMMITTEE'S DOCUMENT, END TO END

0

MATCHES, ANYWHERE IN IT

PAGE 124

PAGE 143

SEARCHED, CASE INSENSITIVE

artificial intelligence • AI • machine learning • algorithm

The item itself is five pages of that, 130 to 134. The same
book uses the word elsewhere.

Two lists. One says AI.

UT AUSTIN, APRIL 21ST, 2026

"AI and advanced computing"

BOARD ITEM, AUGUST 12TH AND 13TH, 2026

"digital technology, robotics, and automation"

Neither list is marked as correct. One is a governing board voting on debt. One is a university describing a vision.

texasaidocket.com

The same book says AI

"to provide AI technology platform"

U.T. MEDICAL BRANCH, GALVESTON,
WITH QUALIFIED HEALTH, PBC

FUNDS

\$9,850,000

The book names what each item buys. This one says AI in its own title. The amendment adds \$5,600,000 to an agreement already running.

"technology, data and AI are embedded to support clinicians"

UT AUSTIN, APRIL 21ST, 2026

**The promise is above.
The money is below.**
