

August 7th came and went.

ERCOT set itself a date to tell service providers how every large load was classified. That date passed 12 days ago.

Four days of warning.

ERCOT gave the market 4 days of notice. The letter has now stood 16 days.

16 DAYS SINCE THE LETTER

ERCOT will not notify each Interconnecting Distribution Service Provider and Transmission Service Provider of how any Large Load is classified in the Batch Zero Interconnection Study by August 7, 2026

ERCOT market notice M-A080326-01 • c2

UPDATE REGARDING BATCH ZERO TIMELINES AND PROCESSES

ERCOT market notice M-A080326-01 · c2

Nobody was told the answer.

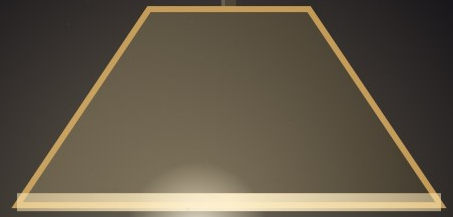

No service provider was told how any
large load was classified.

no class stated

Three figures, two documents.

approximately 474 gigawatts

of requests to connect to the Texas grid

the letter · c6

Approximately 90 percent

of the new power requests are data centers

the letter · c8

more than five times

Texas' record peak electricity demand for ERCOT

the press release · c9

One office. The same day. Two wordings.

THE PRESS RELEASE

The PUCT and ERCOT must complete this audit before any data center **project moves forward.**

Office of the Governor •
c11

THE SIGNED LETTER

before any **additional** data centers **are approved to move forward**

Office of the Governor •
c12

Marked in red, where the letter narrows what the release says. The signed letter halts approvals. The release halts all forward movement. Both are on the record and they are not interchangeable.

The sector said it will comply.

The Governor's office said so on August 18th. The release quotes nobody from the Coalition.

GRID

WATER

NEIGHBORHOODS

PAY THEIR OWN WAY

I established clear guardrails to ensure data centers protect our electric grid, conserve our water, respect our neighborhoods, and pay their own way ...

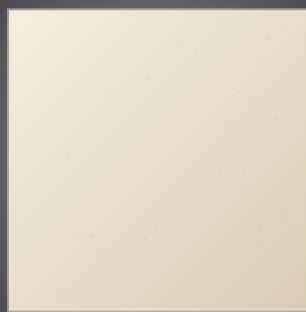

Office of the Governor, August 18th · c18

One data center that could not comply chose to end operations before even beginning construction.

What is still open to you.

August 20th, 2026

Open meeting. ERCOT said it would file for a good cause exception ahead of it.

August 21st, 2026

A second open meeting, on the commission's own calendar.

September 4th, 2026

Public comment deadline. The calendar names no docket against it.

Project 58482

The proposed rule on Large Load Demand Management Service. It took a comment on August 18th.
